FUTURE OF INTERACTIVE MULTIOBJECTIVE OPTIMIZATION

June 19-20, 2023

University of Jyväskylä, Finland

You are warmly welcome to the University of Jyväskylä to attend the Future of Interactive Multiobjective Optimization Forum on June 19-20, 2023. If you are interested in the future of the field of interactive multiobjective optimization, interactive methods and software, challenges of various real applications in decision making, and tools for decision support, this event is for you!

ABOUT DESDEO

DESDEO contains implementations of many interactive multiobjective optimization methods, both scalarization-based and evolutionary ones. DESDEO can be used for research and teaching purposes. We provide further details of the modular structure and potential ways of utilizing DESDEO in tutorial sessions at the beginning of the Forum.
